

Delhi

Delhi Government lays down path for EV's through 'Switch Delhi' campaign

February 4, 2021

Relevant to Mahindra Electric

EV Policy of Delhi

- The Chief Minister highlighted that the electric vehicle policy of the Delhi government is one among the best electric vehicle policies in the world
- Under the policy, the Delhi government has planned to give an extensive subsidy on the purchase of the electric two-wheelers and four-wheelers
- It has also planned to wave off the registration charges and road tax for the electric vehicles
- Government has also issued tenders to set up 100 charging stations in the city.
- Government has set target of 25% electric vehicles registration among total vehicle registrations by 2024

Objective of the Campaign

- Under the campaign, an awareness will be created about the benefits of electric vehicles as well as in what way it can contribute to making Delhi clean and pollution-free
- Under the policy, the government has planned extensive subsidies on the purchase of the electric two-wheelers and four-wheelers, besides waving the registration charges and road tax
